

SQL Database

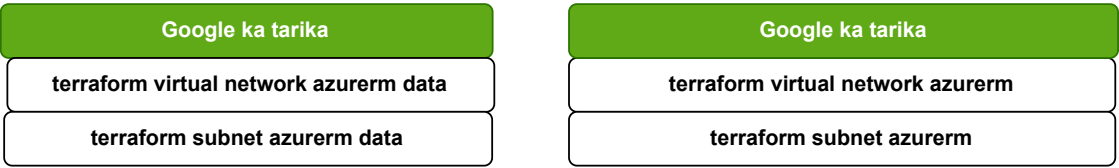

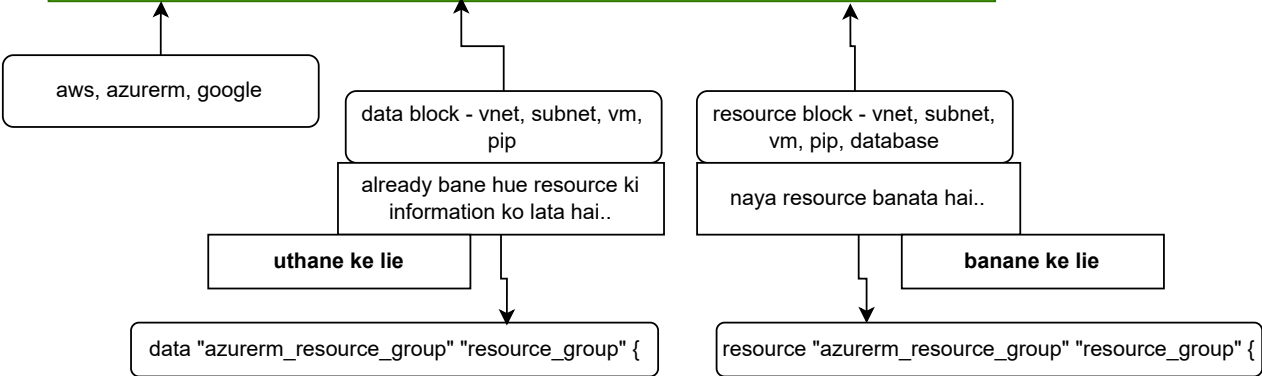

Azure Key Vault

- Attach Public IP on VM
- Subnet id ka hardcoding sudharna hai.. - Data Block
- Secret management sudharna hai
- Installing tools on VMs
- Init Plan Apply ko automate karna using pipelines/github actions

Data Block -
Koi bhi chiz agar azure pr already bani hui hai aur aapko uska koi detail chahiye... toh uske lie data block use karte hai...

Each **provider** may offer data sources alongside its set of resource types.

HAR RESOURCE KA APNA ALG DATA BLOCK HOTA HAI
